

From Hanging In to Hanging Out

Connections SLP

WHO

Teens in grades 7-12 who are interested in learning more about how to make and keep friends.

WHAT

Friendship experiences at this age are unique to each teen. We help clients set goals and learn strategies to make and keep friends in the way that is most meaningful for them. This can include individual, paired or group sessions -- whatever works best for each client.

A parent or other trusted adult is always included in some of our sessions so that there is someone to help the teen to take what they're learning and apply it in everyday situations.

Focused on
Friendship?
We can
help.

HOW

- Teens are grouped based on age, communication style and interests.
- Group sessions range from 1-2 hours in length depending on the number of participants.
- Session content is developed based on the strengths and needs of the client(s).
- PEERS Program® modules can be offered when appropriate.
- We explore topics such as:
 - understanding and exploring different conversation styles.
 - figuring out what to talk about with others.
 - navigating unspoken social information.
 - finding friends with shared interests.
 - organizing and participating in hangouts.

STRUCTURE

- From Hanging In to Hanging Out groups range from 1-2 hours depending on the number of participants. Parents are included for some of the session or separately every few weeks depending on the needs of the families in each specific group.
- Individual or group sessions are booked in sets of 8.
- Sessions are billed on the day they take place.
- All sessions are led by registered speech-language pathologists and may be covered by extended health care plans. Families may also choose to use OAP funding for this program.
